2017-2018

ACS - Mole Day-SACNAS

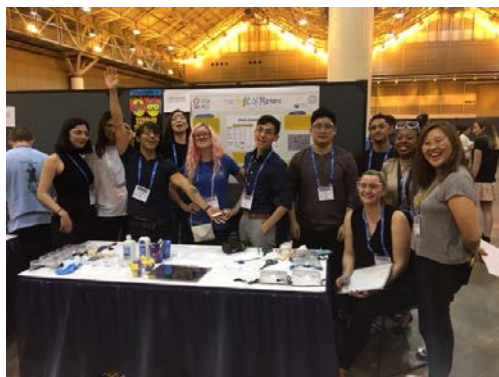

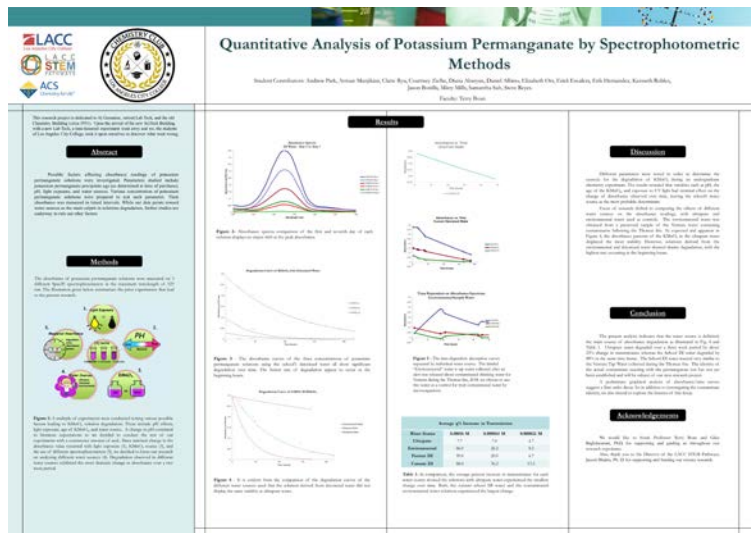

SACNAS OUTREACH EVENT 2017

Friday, October 13th, 2017
SCI building Rooms and hours:
216 SACNAS- 9:30-10am
105 Bioclub - 10-11am
305 Chemclub - 11-12pm

Join us in the promotion of science majors to high school students through a series of fun experiments and amazing presentations. This event has as the major purpose to spark students' interest in pursuing a career in science. Let's make a difference and be part of the inspiring LACC science clubs that will be performing in the 2017 SACNAS Outreach event!

What a year for the LACC Chemistry club! First time EVER! We went to New Orleans and presented at a National ACS Meeting. Also enjoyed Mole Day, Educating Junior High schoolers, & presenting at CCToPhD at UCLA.

ACS National Meeting New Orleans
